### Press Release

For immediate release:

## Celebrate Earth Day at Camp Tyler

The East Texas community is invited to celebrate Earth Day at Camp Tyler from Noon to 5 p.m. on Sunday, April 20. Activities include hayrides, nature trail walks, bird watching, gardening and composting demonstrations.

Throughout the day, live music will be performed while children are invited to pet the bunnies, goats and other animals at the historic East Texas Farm at Camp Tyler and play fun educational games to earn an Earth Day patch.

“The main purpose of this event is for everyone to leave with at least one thing new that they can do to make a smaller footprint,” said Debbie Shafer, event chair.

There will be many booths for people to visit to learn how to be environmentally friendly.

Camp Tyler is located on Lake Tyler at 15143 Camp Tyler Road in Whitehouse.
